

CROWD CHAIN

Revolutionizing Funding: A Crowdfunding App

The current funding modes have loopholes causing difficulties in getting investments. Our crowdfunding app offers innovative solutions for startups and real estate projects through blockchain technology.

The Problem with Traditional Funding

A stylized illustration of a person in a purple shirt and pink pants pushing a large, solid yellow sphere up a blue-grey ramp. The background is a light blue gradient.

Traditional funding modes like loans and venture capitalists have their limitations. Loans demand strict repayment schedules and VCs only support proven concepts. This app is a more versatile solution for innovative ventures.

Loans

Strict repayment schedules

Angel investment

Access limited to specific networks or regions

Venture Capital

Only support proven concepts

Family and Friends

Limited funds and high risks

The Solution: Crowdfunding

Crowdfunding is an effective way of raising capital from a diverse pool of investors. It presents low financial risks and is an accessible way for innovative ideas to get the start they need. Our app presents new and innovative solutions for entrepreneurs to reach investors and secure funding.

Diverse

Capital from a diverse pool of investors .

TYPES OF FUNDING ROUNDS FOR YOUR STARTUP				
Funding Round	Pre-Seed	Series A	Series B	Series C
Stage Focus	Proof of concept/prototype	Revenue growth	Growth	Large scale expansions
Common Elements of Growth	Hiring	Development, Operations, Branding & marketing	Hiring, Market expansion, Buying businesses	Acquiring businesses, International markets
Amount of Investment	\$10K - \$1MM	\$10MM	\$15 - 25MM	~\$50MM

Globally Accessible

The app allows startups to reach a global pool of investors easily.

Tokenization for the Real Estate Market

Investors can access traditionally illiquid markets through tokens.

Features of our Crowdfunding App

Our app offers innovative new solutions to traditional funding issues. Entrepreneurs can raise capital through our platform, while investors can find new and innovative ventures to invest in. Our app offers tokenization, low financial risks and accessibility for all.

- 1 **Tokenization**

Through tokenization, we enable startups and real estate projects to achieve adequate funding through crowdfunding in an accessible way.
- 2 **Investor Access**

Easy access to a diverse pool of investors.
- 3 **Low Risks**

The app presents low financial risks to entrepreneurs.

Startup Funding Mode

Startups can collect funding from global investors through our app. The app allows the startup to tokenize their equity and is a versatile way of securing the funds they need to prosper. Investors can access multiple ventures and build an innovative portfolio of their choice.

Equity Tokenization

The app provides startup founders with an innovative way to create digitized tokens for equity. This, in turn, provides the startup with an opportunity to access investment through crowdfunding.

Diverse investor pool

Startups can get access to a diverse pool of investors, thus the chance of getting the needed investments improved substantially

Real Estate Investment Mode

Investors can invest in real estate projects through our tokens. Through tokenization, investors can receive their share of investment in a hassle-free and accessible way. Our app connects investors with innovative real estate ideas, bypassing traditional challenges.

Accessible Real Estate Investment

Investors can now access traditionally illiquid areas like real estate projects in an easier and more hassle-free way through the app.

3

Tokenization

Through tokenization, each investment is managed differently in a unique and accessible way.

Investor Centralization

The app centralizes investments in real estate projects hence, providing the investors with more control over the fate of their investment.

Benefits of Using Our App

Our app offers versatile solutions to the traditional funding gap, funding global investments, and increasing liquidity. Startups can present new and innovative ideas while investors can widen their investment portfolios through innovative exposure.

Global Access
The app provides startups with global crowdfunding accessibility.

Liquidity Access
Investors get access to liquidity, much like traded funds in the stock market.

- Conduct a thorough Market Analysis.
- Analyze Your Business Idea By Doing A SWOT Analysis.
- Assess your Financial Resources and Identify Potential Sources Of Funds.
- Identify your Customers & Competitors.
- Determine the Start-up Costs.
- Decide on your Business Location.
- Prepare a Business & Marketing Plan.
- Select a lawyer and an Accountant.
- Choose a form of Organization (Proprietorship, Partnership, Corporation).

Documentation Access
Startups get access to documentation services to ease the business process.

Conclusion

Our crowdfunding app is the future of innovative startup funding. Through tokenization and a wider investor pool, we offer versatile and accessible solutions for businesses seeking to secure their funding. We also offer increased liquidity and unparalleled returns to investors, a win-win for stakeholders in either side of the ecosystem.

1 Solution
Crowdfunding offers versatile solutions to traditional funding.

2 Global Access
The startup can get access to crowdfunding around the world, bypassing traditional challenges.

3 Increased Liquidity
Investors can access liquidity resulting in potential high returns.
